

Product Name :
Cutaway Stand Magnifier

Product Code :
NMDIG10065

Description :

Cutaway Stand Magnifier This economical and handy magnifier uses precision moulded acrylic lenses. A cutaway, clear acrylic stand allows ambient light and easy accessibility of tools to the object for critical touch-up or minute mechanical operations. Has a spiral twist focus enabling individual eye adjustment, and a focus lock ring. A useful magnifier for printers, photographers, graphic artists, and designers. Magnification : 6x. Field of View : 22mm. Working Distance : 25mm
