

**Product Name :**  
Biology Laboratory Equipment**Product Code :**  
NMCBS102083**Description :**

Biology Laboratory Equipment Taking care of varied applications in laboratory through our Biology Equipment which are designed to be versatile and durable. We offer anatomical models which can be used for educational and commercial purposes. Advanced Technocracy Inc. are manufacturer, supplier, exporter, distributor, trader of all type of Biological Model made from fibre glass such as Human Torso Male, Human Torso female, Human Body with pelvice, Blood circulation system, Digestive system ect. Respiratory system, Nervous system, Human skeleton model, Human Skin, Human teeth, Human kidney, Human tongue, Human Liver, Human heart, Human brain, Human Eye, Human Ear, Human Skull, Human Body, D.N.A Set, R.N.A set, Spinal cord, Human Nose, Human uterus, Muscular System, Anatomy of the breast, Internal organs. Our Zology Models are Animal cell, Ameoba, paramecium, Hydra, Frog digestive system, Euglena, Anatomy of rabbit, Anatomy of rat, Fish dissection on stand, earthworm dissection, Life history of butter fly, Life history of mosquito, Life circle of tape worm, Life history of honey bee, Cock roach digestive, Cock roach dissection etc. Our Botany models are Plant cell, Germination of seed, L.S. Ovary, L.S. Flower, T.S. Monocot stem, T.S. Dicot stem, T.S. Monocot leaf, T.S. Monocot Root, Mitosis, Meiosis, Types of roots, Type of Leaves, Types of stems, Nerve cell, Yeast, Binary Fission, Root anatomy T.S L.S, Seed Germination of Grain, Bean, Maize, Rice, Mucor, Spirogyra, Stomata
