

Product Name :
Medical Sonography Machine

Product Code :
CLNCL-CDD0004

Description :

Medical Sonography Machine

Technical Specification :

First-class digital imaging technology, more clearer image:
Full-digital beam imaging technology
Real-time dynamic receiving focus point by point
Real-time dynamic sound velocity changed
High-accuracy DSC Digital image formation technology
Intelligentized 8-segment TGC adjustment
Progressive SMT components technology to ensure machine reliability
